## YOUNG ACTORS' WORKSHOP

### TRAINING OVERVIEW

#### DRAMA PROGRAM:

Miss Dolly created this program, not only to teach the craft of acting, but also to empower children with confidence and social skills!

Students will be trained in classical theatre techniques, including some or all of the following (depending on age and level):

- Imagination and learning that "acting is believing"
  - Body language and posture
  - Diction, voice/projection
- Blocking, stage directions, and positioning on stage

#### MUSICAL THEATRE PROGRAM:

Led by Broadway veteran and Director of the Maltz Jupiter Theatre Touring Company, Brian Andrews, this program will instruct students in the essentials of song and dance performance.

Participants will study all aspects of musical theatre, including singing, song phrasing, interpretation, rhythm, choreography, and using the whole body as an instrument.

Drama training with Miss Dolly and team (described above) will also be included.
